

Sagar Bastola

IT Support Specialist | IT System Administrator | MERN Stack Developer

Bengaluru | +91-8131948181 | sagarbastolasagar3@gmail.com | [LinkedIn](#) | [GitHub](#)

Professional Summary

BCA graduate (7.21/10 CGPA) with combined expertise in IT system administration and full-stack web development. Experienced in deploying and maintaining company websites, managing end-to-end IT operations, and building 8+ web applications with high availability. Proficient in troubleshooting, version control, cloud deployment (Vercel, Render), and delivering technical solutions that enhance productivity and user satisfaction.

Technical Skills

- **IT Administration:** Website Deployment & Maintenance, System Troubleshooting, IT Infrastructure Support, Network & Hardware Management
- **Frontend:** React.js, Next.js, Tailwind CSS, HTML5, CSS3, Framer Motion
- **Backend & DB:** Node.js, Express.js, MongoDB, Mongoose, REST APIs
- **Tools & Platforms:** Git, GitHub, Vercel, Render, Postman, VS Code, Linux/Windows Environments
- **Security & AI:** JWT, bcryptjs, OpenAI, GROQ API, Llama-3.1-8b-Instant

Experience

IT System Administrator

2026

Pospark Retail Private Limited, Bengaluru

- Built and successfully deployed the company website, ensuring reliable uptime and a smooth user experience for the organization's online presence.
- Managed and resolved all company IT-related tasks, including system troubleshooting, network support, and hardware/software maintenance.
- Administered IT infrastructure and provided ongoing technical support across departments, improving operational efficiency and minimizing downtime.

Web Developer (Project-Based)

2025

Self-Employed, India

- Delivered responsive portfolio websites using React and Tailwind CSS, providing ongoing technical support and content updates for 40+ recruiters and clients.
- Engineered hotel booking prototypes with advanced filtering, improving user retention by 25% through mobile-first design and rigorous cross-browser testing.
- Maintained 10+ GitHub repositories with clear documentation and issue tracking; supported open-source contributors by reviewing pull requests and resolving bugs.

Full Stack Development Trainee

2025

Certified Program, India

- Built 5+ production-ready MERN applications with reusable component architecture, ensuring system reliability and reducing deployment time by 30%.
- Developed responsive hotel booking platform with dynamic search and real-time filtering, directly handling user feedback and troubleshooting performance issues.
- Secured REST APIs with JWT authentication and bcrypt hashing, implementing role-based access control and maintaining 100% data protection compliance.

AI Career Guidance Portal (Academic Project)

2026

Full-Stack Developer, India

- Designed a MERN stack platform with 4 AI modules, providing career recommendations, resume analysis, and skill gap assessment to 200+ test users.
- Integrated GROQ Llama-3.1 API with a robust fallback mechanism to ensure offline functionality, enhancing system resilience and user experience.
- Deployed on Vercel and Render, actively monitoring system logs and resolving deployment issues to maintain high availability.

Education

Gauhati University, Guwahati, Assam

2023–2026

Bachelor of Computer Applications (BCA)

CGPA: 7.21/10 — Top 5% class rank

Relevant Coursework: Data Structures, DBMS, Web Technologies, OOP, Operating Systems, Computer Networks, Software Engineering, English Communication
