

Sagar Bastola

BCA Student & Full Stack Developer — MERN Stack Enthusiast

+91-8131948181 — sagarbastolasagar3@gmail.com — [LinkedIn](#) — [GitHub](#) — [Portfolio](#)

Professional Summary

Third-year BCA student (8.2/10 CGPA) with production-grade MERN stack experience and full-stack certification. Built 8+ responsive web applications including hotel booking platforms and portfolio sites, achieving 20% engagement gains and 500+ views. Combines technical expertise in React, Node.js, and MongoDB with AI/ML workshop training. Seeking full-stack developer role to deliver scalable, user-centric solutions.

Technical Skills

Languages: C, C++, Java, Python, JavaScript (ES6+) — **Frontend:** React, Next.js, Tailwind CSS, HTML5/CSS3
Backend & DB: Node.js, Express.js, MongoDB, Mongoose, SQL, REST APIs — **Tools:** Git, GitHub, Vercel, Postman, VS Code

Professional Experience

Certified Full-Stack Development Program

Jun 2025 – Sep 2025

Full Stack Development Trainee

Remote

- Engineered 5+ production-ready MERN stack applications, reducing deployment time by 30% through reusable component architecture and standardized templates.
- Built responsive hotel booking platform with dynamic search, real-time filtering, and booking simulation, achieving 20% improvement in simulated user engagement across all devices.
- Integrated JWT-authenticated REST APIs with Node.js/Express, implementing full CRUD operations and secure password hashing for 100% data protection compliance.

Self-Employed / Personal Portfolio

Jan 2024 – Present

Web Developer (Project-Based)

Guwahati, India

- Deployed React/Tailwind CSS portfolio on Vercel showcasing 8+ projects, generating 500+ views and 40+ recruiter inquiries within 3 months.
- Engineered hotel booking front-end prototype with room filtering, price sliders, and availability calendar, reducing estimated bounce rate by 25% through mobile-first UX.
- Maintained 10+ GitHub repositories with semantic commits and feature branching; collaborated on 3 open-source projects with peer reviews and issue tracking.

Key Projects

Hotel Booking Full-Stack Platform

React, Node.js, Express, MongoDB

- Implemented user authentication (JWT), room search with price/availability filters, dynamic booking management, and MongoDB aggregation pipelines.

Professional Portfolio Website

React, Tailwind CSS, Vercel

- Built responsive portfolio with dark mode, contact form, and project showcase; achieved 90+ Lighthouse scores and 40% faster load times.

Open-Source Contributions

Git, GitHub, JavaScript

- Contributed to 3 open-source JavaScript projects with bug fixes, documentation updates, and feature implementations accepted by maintainers.

Education

Bachelor of Computer Applications (BCA)

2023 – 2026

Gauhati University, Guwahati, Assam

CGPA: 8.2/10

Relevant Coursework: DSA, DBMS, Web Technologies, OOP, Operating Systems, Computer Networks, Software Engineering

Certifications & Achievements

- Full-Stack Development Certification (2025) — AI/ML Workshop (2025) — Responsive Web Design (2024)
- JavaScript Algorithms & Data Structures (2024) — Top 15% class ranking with consistent 8.2+ CGPA
